

Wedding Customer Photography Comments

Gregory is a phenomenal photographer. He captured the most memorable moments of my wedding with style and beauty. Gregory's true gift is catching those candid moments right when they happen. His energetic and humorous personality brings out a smile in anyone.

When planning my wedding finding a top-notch photographer was top on my list. Gregory's pictures were beyond what I expected.

Jamie & John

Gregory Case did an outstanding job with our wedding photography. Gregory is a true professional, an artist with a huge heart, who successfully captured the emotion of the most beautiful day of my life! I highly recommend him as my top photographer.

Michelle & Eric

Gregory Case photography was the best decision we made for our wedding by far. Gregory exceeded our expectations repeatedly with his professionalism, kind heartedness, flexibility, generosity, and passion for photography.

Even before we received our pictures back, we recommended him to a friend for her wedding because he is not only a fantastic photographer, but wonderful with people too.

One thing that he did that many other photographers did not offer is he volunteered to come to our rehearsal so he can get to know our family and close friends, as well as, see the wedding location lighting before the big day. This meant a lot to us.

We originally thought we were going to purchase 50 pictures from Gregory and we ended up choosing 282. He knows how to capture every moment and he did that and so much more at our wedding. Elena and he make a wonderful team and we hope to have them photograph more of our life events.

Heather & Harit

Gregory and Elena photographed our wedding in July 2004. We were delighted and extremely satisfied with their work. They proved to be very professional, thorough, and remained in constant contact with us both before and after our wedding event. Their expertise and keen eye for the right shots at the right time was brilliant.

To start the process, they took the time to survey the site and inquire about our expectations for the event. Additionally, they followed up with us the day of the event to check in to make sure our expected shots were taken before the completion of the wedding. They remained flexible throughout the process--not easy--given there were several last minute adjustments to our schedule and venue.

Without hesitation, we would highly recommend Gregory and Elena for any opportunities you have to utilize their services. We most certainly plan to use them for of our any future needs or events.
